

BOXING ABROAD REQUEST POLICY

1. Purpose

The purpose of this policy is to provide guidance to clubs and members wishing to make requests for boxers to compete abroad through approval of a Box Abroad Permit. These competitions are popular and provide a level of competitive boxing for members outside of England. Therefore, it is for the trip organiser to understand the policy and the request process for their proposed trip.

2. Code of Conduct

It is self-evident that England Boxing requires all its members to conduct themselves in accordance with the Code of Conduct and there will be no compromise of this during a competition abroad. Indeed, increased awareness of and exposure to the general public, often in foreign countries, requires all members of a party to act as ambassadors of their Club, Region and England Boxing. Any significant matter of discipline will be addressed through the Disciplinary Code and applicants should be aware of this escalation before proceeding with a Box Abroad Request and in all aspects of trip planning.
